

YOUR WAY TO US

Route to the Brandenburg site

Leave the A2 highway from Berlin to Magdeburg at the Brandenburg exit (no. 78) and go in the direction of Brandenburg/Havel. Having reached the city limit of the town of Brandenburg follow the national road B1/B102 for about 4km in the direction of "Rathenow". Cross the bridge over the Havel river and turn left into the "Caasmannstraße" industrial area. Cross the railway tracks and follow the road until after about 500m you will find our building on the grounds of the "ZF Getriebe GmbH" company.
